

About Us

Your Child's Development is the Most Beautiful Journey.

We prepare the children with globally bench marked foundations for the ever changing dynamic environment and future challenges ahead. We strive to provide a meaningful, inquiry based, active learning environment for each of our Precious Learners. This includes a holistic approach towards child development, including social, emotional, physical and cognitive development.

Our International Nursery and Kindergarten offers the American Curriculum for children ages 1.5 to 6 years old. English is the primary language of instruction with Thai classes available. Our delivery model focuses on developmental milestones and core foundational skills. Our timetable includes a variety of activities and subjects such as Numeracy, Literacy, Sciences, Sports, Life Skills, and Personality Development. Parents stay informed through our Digital Application and open-meeting policy.

Why Choose Us?

-  Engaging Environment ——— Tools, resources and environments to grow, experiment and imagine.
-  Learning with Diversity ——— Multiple Nationalities, academia, cultures for dynamic development.
-  Emergent Literacy ——— Learning with strong foundations.
-  Specialist Educators ——— Immersive learning with Educators in Specialist areas.
-  Individual Development ——— Focus on Individualized Learning and building on Unique Talent.

Garden to Table

We incorporate the "NEW START" kindergarten philosophy into our "Garden to Table" club activities.

N - Nutrition

E - Exercise

Play-Based Learning

The Creative Curriculum

- **Comprehensive Development:** Supports cognitive, social-emotional, physical, and language growth.
- **Active Learning:** Promotes learning through hands-on activities and play.
- **Individualized Instruction:** Uses assessments to tailor learning experiences for each child.
- **Project-Based Learning:** Engages children in long-term projects that encourage inquiry and collaboration.
- **Child-Centered Approach:** Puts children at the center of their learning, allowing them to lead their own discoveries.
- **Teacher as a Guide:** Teachers facilitate learning by providing meaningful activities and responding to children's interests.

The Creative Curriculum[®] for Preschool

The Creative Curriculum[®] for Kindergarten

Reggio-Emilia approach

Child-Centered Learning	Children lead their own learning through exploration and inquiry. Ideas and interests shape the curriculum and activities. 100 languages – all methods of a child's communication
Environment as the Third Teacher	Classrooms are designed to inspire curiosity and interaction. They are filled with diverse materials that encourage discovery.
Project-Based Learning:	Focuses on long-term projects based on children's interests. Projects involve collaboration between children and teachers.
Documented & Reflection:	Teachers document children's work with photos and notes. This helps reflect on learning and plan future activities, involving both children and parents.
